Att'ns Mr. G. M. Knebel

Dear Sir:

We are sending you attached hereto one copy of "Geologic
Reconnaissance Survey of the Province of Guanacaste and Adjoining Portions
of Puntarenas, " by Messrs. W. E. Wallis and M. H. Wallace, without comment.

Another copy of this report will go forward to you under
separate cover, in the near future.

Yours very truly,

Walter K. Link

RW

P. S. On Plate III the Guiones Limestone-Carrillo Sandstone contact was
erroniously shown in the columnar section at sample 2092. It
should have been at 2107, and is so shown on the enclosed copy.
